

INTRODUCING THE NEW LINK Program

When it comes to senior living, a one-size-fits-all approach usually ends up fitting nobody at all. Because we're all different, with different needs, desires and goals.

So, at Tribute at One Loudoun, we've developed the LINK Program – Learning with Innovative New Knowledge – an all-inclusive program designed to meet the specific needs of those with some form of changing cognitive abilities. Using the latest research and techniques, LINK is a flexible program that enhances engagement, socialization and independence.

Plus, we make the process as easy as possible, with all your loved one's needs met in a single community.

As part of LINK, your loved one can enjoy:

- A beautifully appointed studio or one-bedroom suite
- A dedicated, friendship-building, NIDE-Certified team with its own program director
- Specially designed activities to promote brain stimulus, coordination, socialization and enjoyment

If your loved one needs a more current approach, look no further than the LINK Program at Tribute at One Loudoun.
